A passionate web developer with a love for creating stunning and user-friendly websites. I thrive on turning ideas into interactive online experiences and have honed my skills in front-end web development. I'm dedicated to keeping up with the ever-evolving world of technology and design to deliver top-notch websites.

## Skills

- HTML&CSS • JavaScript • Flutter • Problem Solving • Graphic Designing • Video Editing

## Education

SEPTEMBER 2021 – JULY 2025

**Bachelor of Laws | Alexandria University | Alexandria, Egypt**

## Experience

2019 – 2021

**Freelancer | Pure Co. | Alexandria, Egypt**

I've been freelancing as a graphic designer at Pure Co. It's been a great experience where I've worked on different projects and teamed up with talented people. My job lets me show off my creative and design talents, and I've become better at meeting deadlines and going beyond what clients expect. Freelancing gives me the freedom to try out various styles and techniques in my designs. All in all, my time at Pure Co. has been super important in shaping my career as a graphic designer.
